

Namens die bestuur en inwoners van **HUIS JABES** word u hartlik bedank vir die maandelikse skenking van R1000.

Dankie vir die omgee en liefde wat in die bydrae omvat is; dit maak 'n kans op geluk moontlik vir die vrouens & kinders by ons.

Met dankbaarheid en waardering.

Adri Klindt, bestuur en inwoners van Huis Jabes

TWEELING BEURSHOUERS

Alexis & Alicia Pipes is 'n tweeling en beide is beursohouers van Neo-Spektrum. Hulle is tans in Graad 9 by HS Bergrivier in Wellington. Hulle koshuisfooi, skoolklere asook studiemateriaal word deur Neo-Spektrum betaal.

Hulle reis Sondagmiddae na Wellington en Vrydagmiddae terug na Fistantekraal waar hulle moeder, Me Sanna Pipes, woon. Sy werk in Protea-vallei waarvandaan sy 6 km loop (vervoergeld te spaar) om by die taxi-staanplek in Durbanville te kan uitkom. Sy verkies dat die tweeling in die koshuis tuisgaan sodat hulle nie in die middag alleen by die huis is wanneer sy nog by die werk is nie. NS betaal maandeliks R1400 vir hulle vervoer.

Hulle presteer goed, maar sukkel 'n bietjie met Wiskunde. Gelukkig kan hulle volgende jaar oorskakel na Wiskundige Geletterheid. **Dit is vir Neo-Spektrum 'n eer om sulke leerders as beursohouers te ondersteun.**

MES - MOULD EMPower SERVE

"Good opportunities come to those who wait but greater opportunities come to those who make them. This is my motto for 2019". David Morris

David is 36 and born in Pinelands. He is a homeless white male who matriculated from Plumstead HS in 2000 and studied IT at T-Zone Academy and

completed his studies in 2006. After the passing of his parents, also in 2006, David relocated to East London & to work at an IT company.

In September 2018 he returned to Cape Town with the promise of work at a small computer repair business which unfortunately closed down two weeks after his arrival. He was unable to pay for accommodation resulting in his eviction and suddenly he found himself homeless. David slept under bridges, in parks and in front of shops. One day he picked up a R10 note which he used to purchase an internet bundle with. He e-mailed radio stations in a desperate attempt to find help.

MES provided David with accommodation at the Safe Space and enrolled him in the GROW Job rehabilitation programme (**Neo-Spektrum contributes R2500 per month [R 30 000 per year] to GROW**). David quickly proved himself and became a **GROW Team Leader**. He explained that MES saved his life because he could have easily been killed by robbers at night whilst sleeping on the street or he could have died from sicknesses caused by being exposed to the elements. Apart from participating at GROW, David sells sweets and chips in order to get extra cash. He is looking forward to joining the EPWP programme (sponsored by the City of Cape Town). This programme will enable him to save money for rent and upgrade his code 10 Driver's licence to code 14. David's goal is to become a truck driver.

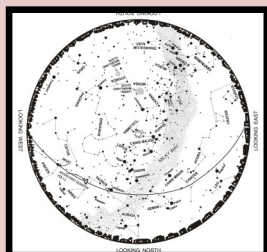

A COURSE IN MIRACLES (ACIM)
